

Building Performance Institute and RESNET – How Home Energy Raters fit into Building Performance

**2007 RESNET Building Performance Conference
February 21, 2007**

**Steve Baden, RESNET
www.resnet.us**

January 2007 Meeting of Technical Representatives of BPI & RESNET

**Reviewed Compatibility Between RESNET
Rater and BPI Performance Analyst**

RESNET

Home Energy Rater

- Energy related modeling software
- Verification of completed condition energy focus
- Defined diagnostic process- Certification / Accreditation
- Defined Q/A
- Whole house approach
- Stakeholders support

BPI

Building Analyst

- **Energy related heat loss/gain not software related**
- **Verification of completed condition H/S focus**
- **Defined diagnostic process**
- **Certification/Accreditation**
- **Defined Q/A process**
- **Whole house approach**
- **Stakeholders support**

A Marriage Whose Time Has Come?

What Would Take to Harmonize Two Certifications

BPI

- Software competency
- Plan review
- RESNET inspection standards
- 5 ratings completed
- Understanding HERS index
- Provider

RESNET

- Combustion safety (Testing/Gas leak detection)
- Write a work scope
- Building air tightness standard
- Personal Health & Safety

Plug Into the RESNET Network

Join RESNET

- + Associate Member - \$100
- + Rater - \$200
